Programme director,

Se sengwe le se sengwe se na le nako ya sona. This is the time to sow!

I am very delighted to witness a symbolized hand over of tools and labour being presented here today. These are gifts of great work and infrastructure like a seed being handed to grow here at Ga-Manoke.

Mpho ya thlabollo ke ye kgolo kudu, e phuthullwa ka matsogo a mantshi; gore Sechaba sa kgoshi Manoke se jwalelwe ntlo ya go kgontsha mediro ya tswelopele ya sechaba se. Le gona ga go sekoloto se segolo kudu go swana le go hloka tebogo!

Honourable MEC, Stakeholders , ladies and gentlemen.

On behalf of the leadership of Sekhukhune district municipality I express my gratitude to your kind presence to witness this very inspiring progress being presented here today. It has been our fortune to find distinguished presence of an extremely busy leadership in the Department of Public Works, The Honorable, Mr N.D. Masemola; in the most of collective endeavours to

improve state of affairs and advancing governance in the House of Traditional Leaders.

As you have seen, they set a roadmap on administrative improvements and public service of “Magoshi” in precise and clear terms. Now all present here should take note of the vision expressed, and conduct further measures of this presentation accordingly.

As Honourable MEC has mentioned, we will be waiting for the outcomes of this handover with keenness and high expectations. So will the people of Ga-Manoke. I must personally highlight the notion taken from the MEC speech that performance expectations are high everywhere and there is a demand in governance matters to shift to a community centred-based decency and with urgency. This is what we witnessed here today.

This hand over tells us and the people of Ga-Manoke that the cutting-edge in administrative functions and implementation or in public service delivery, matters most. And this in turn makes the District and Local Governance regions crucial in administrative improvements in forging a working partnership with traditional leadership.

Programme director,

Therefore, to the Department of Public Works, we greatly valued your presence here and, as function organizers, we look up to you with great expectations. We acknowledge the stewardship and generosity of the Limpopo government. I also thank Fetakgomo – Tubatse Local Municipality, and Honourable MEC for the excellent speech they delivered today.

The officials of the Department of Public Works, Roads and Infrastructure deserve to be complemented for the systematic execution of not only this event but the entire project planning to see these offices built. Of-course we cannot forget to thank everyone that had a hand, visible and invisible, in ensuring this important occasion and its deliverables.

Se sengwe le se sengwe se na le nako ya sona! Go tla ba le nako ya go kotula!
Ge re bowa gape fa, re tlela go kgorotja mahea/mafela a puno ya peu ye! Kago
thabela ditirelo tsa ntlo ye, ye itlo'go agiwa mo Ga-Kgoshi Manoke.

Thank you very much
