REQUEST FOR INFORMATION

TRADE (an acronym for Trade and Development) is a research entity area at the North-West University (Potchefstroom Campus) specialising in international trade and economic development. It focuses on export promotion by identifying new and high-potential export opportunities, uncovering the keys to greater competitiveness and inward investment flows.

TRADE claims to be the sole provider of what is called the Decision Support Model (DSM), which it uses to identify realistic export opportunities for countries, provinces, and industry sectors in the form of high-potential product-market combinations. Complementing the DSM is the TRADE-DSM Navigator, an interactive computer-based instrument that interprets the results of the TRADE-DSM in a user-friendly way.

It is in the above context that DESTEA publishes the "Request for Information" to be able to confirm the validity of TRADE's claims.

All interested suppliers or service providers who offer a similar system, are requested to submit the information about the system. The following information is required to be submitted: • Name and brief description • List references past and current clients • Intellectual property rights, etc.

All this information may be submitted to: The Department of Economic, Small Business Development and Environmental Affairs, Supply Chain Management, Ground Floor (Tender Box C), 113 Saint Andrew Street, Bloemfontein 9300, for attention: The Director: Supply Chain Management.

The closing date for the submission of this information is 21 September 2018 at 11:00.
